I just got the same letter. It lists all the Superfund settlements as well.

I haven't seen what ECAD sent out – they didn't share with me – maybe they did with Leslye?

You'd have to check the order to see if it specifies who a force majeure is directed to – my assumption is that it would of went to Steve.

Hi Don,

I'm under the impression that these letters should be addressed to me, since in the order and historically communications have been between the RCRA project manager and the facility representatives. Additionally, I was about to send an email to the facility reminding them that they are responsible for all compliance activities under the order, regardless of the virus, similar to the email/letter that was sent out to all facilities under RCRA orders by the RCRA enforcement group.

Please advise.

Sincerely,

Liz Blackburn
